**RESPONSE TO RESTRICTION REQUIREMENT**

40 Dear Sir:

This paper is filed in response to the office action dated 6 August 2007 ("Office Action"), which set a shortened thirty (30) day response period.

The Office Action required:

- 45 1) restriction to one of the inventions set forth in Paragraphs I. and II.; and  
2) election to a "single disclosed species for prosecution on the merits"

Applicants respectfully elect to prosecute the invention of Paragraph II. (claims 14 - 41), with traverse.

50 Applicants respectfully submit that the claims include sufficiently few species such that a search and examination of all of the species at one time would not impose a serious burden. Therefore Applicants respectfully submit that the invention as claimed in claims 1 - 41 may best be examinable in one application.
